

Client Project Case Study:

Title of Project:	Quantity Surveying Framework for The City of Edinburgh Council
Thomson Bethune's Role:	Quantity Surveying
Client Sector:	Local Authority
Client:	The City of Edinburgh Council
Project Cost:	£25M of work from appointment
Location:	Edinburgh, Scotland
Date:	March 2008 to February 2011

Project Scope:	
Background to the project:	The commissions we have received range in value from £65K to £9.8M projects. The work involved is extremely varied and includes alterations and extensions to schools, refurbishment of a swimming pool, sports pavilion, community healthy living centre, a new library, a new community centre and various specialist care facilities throughout the city.
The value Thomson Bethune added to this project:	All projects have been delivered within the client's limited budget.
