

Client Project Case Study:

Title of Project:	New Heatset Press at Caledonian Offset, Newhaven
Thomson Bethune's Role:	Value Management, Project Management, Employer's Agent
Client Sector:	Private - Media
Client:	The Scotsman Publications Limited
Project Cost:	£7M
Location:	Newhaven, Edinburgh

Project Scope:	
Background to the project:	The project comprised the installation of a new heatset press within the existing paper store of the facility. The contract comprised a bespoke turnkey contract for the supply and installation of the new press inclusive of all associated M&E services and specialist services within the curtilage of the press hall.
The value Thomson Bethune added to this project:	Thomson Bethune did an initial value management exercise to determine the best value design for the installation of the press. Full project management and co-ordination of the building works contract to replace the existing concrete floor and construct plantrooms and associated accommodation prior to press installation. Employer's Agent role for the turnkey press installation and full cost consultancy from initial feasibility through to completion.
