

Client Project Case Study:

Title of Project:	The Easter Bush Research Support Facility
Thomson Bethune's Role:	Cost Management
Client Sector:	Public Section – Scientific Research
Client:	The University of Edinburgh
Project Cost:	£16M
Location:	Easter Bush, Midlothian
Date:	Jan 2010 to Sept 2010

Project Scope:	
Background to the project:	The project was a consolidation of existing animal research facilities onto the University's Easter Bush campus
The value Thomson Bethune added to this project:	<p>Our experience of carrying out feasibility studies and construction works for the University over a long time period enabled us to provide robust cost information for this study.</p> <p>A feasibility report on the project was delivered to the client to enable them to consider taking the project to the next stage.</p>
