

Client Project Case Study:

Title of Project:	Protein Fractionation Centre, Liberton Hospital
Thomson Bethune's Role:	Cost Management
Client Sector:	Health
Client:	Scottish National Blood Transfusion Service
Project Cost:	£6M
Location:	Edinburgh, Scotland

Project Scope:	
Background to the project:	The project comprised a phased new extension and a complete refurbishment of the existing highly serviced blood products unit. The project involved the creation of highly controlled environments to suit the process carried out. The building had to remain occupied and functional for the duration of the project.
The value Thomson Bethune added to this project:	Thomson Bethune ensured that full cost control was exercised
